About Veronica

I excel in creative environments where art and nerd converge. I am a former textile designer with a passion for learning and this gives me an edge to think of innovative solutions to common problems.

Skills

Photoshop, Illustrator, Sketch, InVision, Axure, Balsamiq, Omnigraffle, Keynote, HTML, CSS, JavaScript

UX Designer – Re-Ally 2016

- Extensively researched property management and renter habits to identify areas of improvement
- User testing, wireframing, prototyping
- Collaborated with developers, stakeholders and other UX designers

UX Designer – General Assembly 2016

- 10 week UX immersive course
- 50-70 hours a week at minimum
- Skills used: user research, usability test, persona building, storyboarding, prototyping, heuristic evaluation, information architecture, sketching, wireframing

Textile Designer – Eddie Bauer-Women's Line 2011-2016

- Sketch and paint to create custom, brand appropriate artwork
- Chosen as the Tradestone Systems team leader, learned how to use the Tradestone program and taught fellow team members how to use it
- Created a digital file numbering system that helped organize artwork files as well as clear up artwork communication with cross functional partners

Associate Textile Designer – Hollister Co. – Women's Line 2008-2011

- Chosen as the team leader to learn Kaledo suite programs and teach what I learned to my fellow teammates
- Hit tight deadlines for artwork to be production ready
